Description

Save the planet and promote your brand with our 100% RPET sublimated polo. This polo is made from RPET fibers, constructed from GRS certified post-consumer recycled polyester. Full-sublimation coloured print helps to brand your logo, name, number and club slogan while ensuring long-lasting use without fade. Not only show off your sense of fashion, but also represents your support for sustainability and environmental protection. Additional customization options include: long sleeves, additional pockets on the chest and customized labels.

This item is made from 100% RPET fibers constructed from GRS certified post-consumer recycled polyester.

Please note that designs that extend from the body of the item to the sleeve or collar, often may not match up perfectly due to differences in curves of the material.

When a pattern extends across 2 panels, such as connecting the front and back panels in a side seam, often designs will not perfectly align. Generally, there's about 0.5cm allowance for this mismatch.
