Notes

Details such as measure, weight indications are approximate figures only. We reserve the right to change colours, printable areas, technical details or designs.

To achieve effective branding logo display, we recommend the following:  
- A minimum width of 1cm to 1.5cm (1.5cm is preferred)  
- A height from 1cm to 1.5cm (1.5cm is preferred)  
- A 3mm gap from any edge to the edge of the print area

Please note that designs that extend from the body of the item to the sleeve or collar, often may not match up perfectly due to differences in curves of the material

When a pattern extends across 2 panels, such as connecting the front and back panels in a side seam, often designs will not perfectly align. Generally there's about 0.5cm allowance for this mismatch
