Notes

Details such as measure, weight indications are approximate figures only. We reserve the right to change colours, printable areas, technical details or designs.

To achieve effective branding logo display, we recommend the following:

- For the front chest and mid back, we suggest a minimum width of 10cm for S-XL, with other sizes being scaled accordingly.
- At least 1cm below collar.
- At least 5cm away from the edge of neckline.

To achieve effective branding logo display, we recommend the following:

- Minimum width of logo is 10cm for size L, other size will be scaled accordingly.
- At least 5cm away from the edge of the neckline.

Please note that designs that extend from the body of the item to the neckline or collar, when they are not perfectly aligned due to differences in curves of the material.

When a pattern extends across 2 panels, such as connecting the front and back panels in a side seam, often designs will not perfectly align. Generally there's about 0.5cm allowance for this mismatch.
