Button Badge 44mm

URL Link: <https://staging.ultimateinspiration.com.au/product/button-badge-44mm>

Description

A brilliant low-cost promotional gift. Your promotional budget can be reduced significantly with this simple yet effective medium. Great effect can be achieved with a full digital imprint area covering the full surface area with your logo or image. Button Badges have no set-up costs for 3 designs, any additional designs after will incur a TBA fee. Poly bagging adds TBA(G) per unit. Variable-data printing (VDP) (Also known as variable-information printing (VIP) or VI) is a form of digital printing, including on-demand printing, in which elements such as text, graphics, and images may be changed from one printed piece to the next, without stopping or slowing down the printing process and using information from a database or external file. For example, a set of labels, each with the same basic layout, can be printed with a different name on each label. Variable data printing is mainly used for direct marketing, customer relationship management, advertising, invoicing and applying addressing on self-mailers, brochures, or postcard campaigns.
